Situation of integration

You have just come back from a trip around Algeria with a group of friends. You want to post on your facebook page the report of this trip to make people around the world aware of the cultural and historical richness of your country. Describe your itinerary and talk about the landmarks you visited and the outstanding figures in history, literature or arts that you learnt about during this trip.

A Class Trip to Ghardaia

Last October ,we made a class trip to Ghardaia.We went there by bus. We started from Relizane in the early morning and drove through Tiaret, Aflou , Laghouat where we had a stopover to have lunch and relax for one or two hours.

Afterthat , we continued our way up to Ghardaia .We were there at 16.00. It was a fantastic feeling to see this ancient town for the first time. We spent the first night in RYM hotel which was small but beautiful. In the next morning, we walked to see the old souk where I bought various traditional items . And then ,we had some nice time just driving and visiting the local places and the fascinating sights like old ksours and palm grooves.

The next day, we drove to Beniyezguen, It is a historical town and the birth place of the outstanding poet Moufdi Zakaria. This attractive city is surrounded by walls which were made as protection from the enemy in the past.It was founded between 1012 and 1350 but it is not as ancient as the other cities of Ghardaia . In1982, Beniyezguen was listed (inscribed) as a world heritage by UNESCO. We met a lot of tourists there .

The following day, we went to visit the house where the great poet of Algeria Moufdi Zakaria was born . Our tourist guide told us that he was born on April 12th, 1908. He studied in Annaba then in Tunisia where he learnt to use both Arabic and French. Once back in Algeria, he was imprisoned many times. When he was freed, he joined the Algerian revolution in 1955 . Moufdi is most known for the Algerian national anthem which he wrote. He also has two famous groups of poetry named ‘allahab al mouqaddass’ and ‘ilyadat aljazair’. He died in1977 in Tunisia but his body was buried in Algeria.

I’ll always remember this trip because it was really different and fantastic.

*Your school magazine is organizing a competition to choose the best paragraph about "childhood memories" an d you want to participate. Write a short paragraph about your primary school, your teachers, your best friends, f ree time activities and games (use the **past simple tense** and **used to**).*

I always think of the time when I was younger .My family used to live on a farm and in winter especially when we were cut off from the outside world. Life used to be very simple for me and I loved it.

I used to go to the nearest school. My father used to work in the fields and mother used to help him. She worked indoors and outdoors. After school I used to collect wood and feed the domestic animals and my sist ers used to fetch water and help in the house chores.

*There didn't use to be many free time activities. We used to listen to the radio. In the evening, all the family used to sit by the fire in a big room **where** my grandmother used to tell us old stories.*

*In summer, we didn't use to have a refrigerator; we used to drink fresh and tasty water from the pottery jars made of clay. My grandma used to make and decorate them. And we used to eat fresh vegetables **which** father grew.*

Now, I am in the city. I live in a small flat. I buy food from the supermarket. The streets seem to be smaller because of the traffic and the air is polluted. I get stressed and I dream of the time when I will be on holidays to be able to leave home and escape to the countryside.

Hello , Salima !

Thank you for asking me about my future job. Well ,when I was a child, I dreamt of being a photographer .I used to like taking photos of friends and editing them. Then every thing has changed since I visited a hospital for cancer's patients at Oncology Hospital in my city.Since that time I have decided to become a doctor to help people and do something good for my country .

As for now, I am focusing my attention on finishing my studies at secondary school. Soon I will take the first important exam of my life - the baccalaureat exam. I won't stop working hard until I pass.. You know , I'm good at English ,maths, biology and physics . So,I'm sure I'll pass .Then, I'll study at the Medical University and my dreams may come true . I will seek more information about that from professors and career counselors at my school who are very supportive and helpful .

It is very hard to choose a career before you complete high school, but always keep in mind that it is never too late to change your path and no one says you have to decide now. Everyone would like to be good at what they choose.

Best regards Sarah

My Childhood Memories

Hello, my name is Paola. When I was a child I was a very shy girl. My family and I lived in a small village in Oaxaca, Mexico. I remember my best friend at Garcia elementary school .Her name was Sarah. When we met ,she was eight years but I was nine. We were in the same class at school. We sat together and always played in the break, we call it *recreo* here in Mexico.Her parents were very kind and they lived near my house, so we spent a lot of time together. We watched cartoons on TV,played games, and did our homework together. In summer we were together too, we went swimming in the river when the weather was hot, played with our toys, and played video games a lot .Both we had dreams, she wanted to be a great doctor ,whereas I dreamt to be a soccer player but we always encouraged each other. We were having unforgettable moments when her family moved to another city, I was very sad. I have never seen or heard about her since that time.Thank you Sarah,I have learnt from you how to be kind and cheerful. I will never forget the time we spent together .

My dream

My name is **Razan Zidan**. I am 14 years old. I live in the city of Gaza , in Palestine. I'm a student. I began my hobby of singing and reciting poetry at the age of three. I have many video clips .
I'm smart and mature .I have always dreamt of traveling and participating in international festivals, but because of the Israeli policies , I have never been outside Gaza. Now ,the situation is even worse than before, especially after the spread of the COVID-19 pandemic.

I also want to become a very good photographer. I wish to have a good camera so that I can record my struggle and the suffering of all of the Gaza children, so the whole world may know that we have been deprived of all of our rights.

I miss my school, my teachers and my friends .I have never forgotten them and the morning meetings. The school life is the best . I remember every single minute .I'm unhappy because we have no idea when we will go back to school.

I hope that, one day, my dream and the dream of all of my friends come true.

The end of Ramadan is marked by a big celebration called 'Eid-ul-Fitr' Muslims are not only celebrating the end of fasting, but thanking Allah for the help and strength that he gave them throughout the previous month to help them fast.

The festival begins when the first sight of the new moon is seen in the sky.During Eid-ul-Fitr Muslims dress in their best clothes, give gifts to children and spend time with their friends and family.At Eid each family has to give money to charity, so poor people can also buy new clothes and food and can celebrate.
